Tom Temprano, Shanell Williams

BART Board, District 9:

Bevan Dufty

Superior Court Judge, Office 7:

Victor Hwang †

*Incumbent

Bernal Heights Democratic Club is proud of all our endorsements this year. Some stand out for us:

Jane Kim for State Senate. Jane Kim has been a strong progressive voice on the Board of Supervisors in support of affordable housing, worker protection, safe communities, and equitable public schools. We need her representation in Sacramento to elevate these movements to the state level.

Hillary Ronen for District 9 Supervisor. Hillary is determined, super-smart, deeply experienced in city legislative policy work, and committed to protecting the needs of everyday people against the development and corporate interests that see SF as a cash machine. She has been a major force in saving St. Luke's Hospital, protecting families and school teachers from eviction, passing Free MUNI for Youth, and promoting the creation of affordable housing in our district.

And, extra support for propositions we know will be fighting against big money campaigns:

YES on H: *Public advocate – a watchdog on your side*

YES on M: *Sunshine for affordable housing*

NO on O: *No exemption from office limits without commitments to jobs & housing*

NO on P & U: *Developer giveaways that take away affordable housing*

YES ON V: *For the health of our community, stand up to BigSoda*

Candidates and issues are endorsed by the Bernal Heights Democratic Club (BHDC) when they receive 60% or more of the eligible ballots cast at the endorsement meeting.

To join BHDC or for more info, send an email to bernalheightsdemclub@gmail.com or visit our Facebook page: www.facebook.com/bernalheightsdemocraticclub.

Candidates or ballot measures marked with a dagger † contributed to the cost of this slate card by the time of printing. No contributions were solicited until after endorsements were made. No agent or political consultant received a commission or fee for this slate card.

Paid for by BHDC FPPC #923351. Financial disclosures are available at sfethics.org
